Welcome to Morocco! Be sure to arrive in time for your pre-departure meeting at 6:00pm, an arrival transfer from Marrakech airport is included on day

1. Your first night will be spent at our joining hotel where we also enjoy a traditional dinner. Overnight Marrakech (D)

Day 1 - Essaouira:

Day 11 - 12 Today's drive is truly stunning as we traverse the high Atlas Mountains on our way to Essaouira. A colourful fishing town situated within 15th century Portuguese fortifications, where great beaches and surf beckon. Relax on the beach or alternatively explore the UNESCO-listed medina with its various souks and woodcarving workshops. Any city gate leads to the Medina, so you're unlikely to get lost. The beach is in front of the Medina and there are plenty of cafés with terraces, both ideal for relaxing for a few hours. Blue doors and window frames abound as do the artists shops – buy a carpet or Thuya wood carving or sit on the beach sipping a mint tea as the sun sets, an antidote to the bustle of the Imperial cities. (Optional horse trekking, quad biking). (Overnight in Essaouira (2) – Breakfast (2))

Day 2 - Casablanca:

En-route this morning we travel up to Casablanca, made famous by Humphrey Bogart in the film "Casablanca". High up in the Rif mountains, Chefchaouen boasts a beautiful blue door and white-walled medina that was originally a Berber post. The main square is the heart of Chefchaouen, with the Kasbah (built back in the 18th century), central mosque and cafes with authentic menus. USEFUL INFORMATION

Before you go

Visas & permits

Visas are NOT required for British, Australian, New Zealand, Canadian, US and other EU nationals for a stay of up to 3 months. Please ensure your passport is valid up to the end date of your tour and that you get your passport stamped upon entry into Morocco. All other nationalities should contact the Moroccan embassy for details. Visas are your responsibility. Don't forget to check!

Travel insurance

All our passengers must be fully insured for travel in Morocco. It is essential that you get the correct level of cover and it is advised that you speak to your travel insurance provider for advice. Please ensure that the policy provides adequate cover for hospital treatment, repatriation flights home in the event of you being too ill to continue the tour, personal accident, personal baggage and associated valuables. Please note that some optional activities may require additional cover as well. In addition you must bring the policy with you as it is obligatory for joining any tour.

Vaccinations

It's recommended that you be vaccinated for Tetanus and Polio if you haven't had a booster in the last 10 years. Food and water born diseases are also quite common so we recommend vaccinations for Typhoid (valid 3 years) and Hepatitis A (validity varies) as well. Finally, Morocco is not a high risk Malaria area but if in any doubt please consult a physician or travel clinic for further information.

On location

Currency

GBP£1.00 = MAD13 USD\$1.00 = MAD9 EUR 1.00 = MAD11 MAD = Moroccan Dirham, rates are subject to fluctuation. Exchange facilities are available at various bureau de changes in major towns and most banks have ATMs. How much spending money is needed, depends largely on the individual. However we currently recommend an average of USD \$20 - \$30 per day though. We can't specify every sundry cost however and you'll need to allow for expenses such as drinks, snacks and the odd souvenir. Travellers Cheques can be difficult to change en route so we recommend you have cash for convenience and bring a card to use in the ATM's, most accept Visa, MasterCard, Electron, Cirrus and Maestro. There are ATM's at Marrakech airport, which you can use upon arrival as well.

Climate

Temperatures in Morocco are generally high, particularly during the summer months from May to September, so take sunscreen. However in Winter temperatures can drop right down in the evenings, but as long as you bring some warm clothing and sleeping bag if spending a night in the Sahara or doing a trek then you will be more than comfortable.

Altitude

For most tours you do not exceed any altitude that would cause ill effects. However for the Berber Migration in the High Atlas which has an altitude of over 3,000 and is therefore defined as a high altitude area then there are

different guidelines as exposure to these heights can cause the onset of altitude sickness. This form of sickness which is the biggest health risk for trekkers can cause people to experience differing degrees of symptoms, which include, headaches, nausea, dizziness, fatigue and shortness of breath. However our treks are designed to ensure there is plenty of time for adequate acclimatisation and cases of mountain sickness are rare. If you do suffer though symptoms will usually decrease in severity during acclimatisation. Throughout the trek it is therefore important to drink plenty of fluids and eat lots of carbohydrate food as well to keep the body properly hydrated and finally and most critically please report any symptoms of altitude sickness immediately to your guide.

Packing

Luggage

Pack all your gear in a rucksack/backpack for these type of trips. Also bring a day pack, to keep personal items such as your wallet, camera and water bottle. Your rucksack/back pack must not have an exterior frames. Only the soft, flexible variety is permitted. Leave your suitcase at home, they're simply not practical. Don't overdo it as well! Pack sensibly and take garments that are comfortable and cool. Morocco can be very hot in summer but after the sun sets and at high altitudes, the temperatures can drop, so pack accordingly. In terms of sleeping bags, although we provide blankets, on tours from November–April we do recommend a 3/4 season sleeping bag for the night spend in the desert.

What to bring

Detailed checklists are available but below is a list of the essential items to bring with you on your tour: • Towel • Torch and batteries • Camera and spare memory card/film • Mosquito repellent • Water bottle • Personal first aid kit, antiseptic gel and wipes • Waterproof/wind proof jacket • A photo-copy of your passport * Finally, if bringing your smart phone with you, please make sure that you turn your data roaming off, to avoid heavy increases to your bill!

Responsible travel

Cultural awareness

We cannot emphasise enough that we are travellers and therefore guests. So it is our duty to respect and adjust where possible to the people of the region, their customs and views. Your Tour Leader can let you know more, as well as brief you on all environmental matters.

Religious awareness

Morocco is predominantly Muslim and, as such, we would ask all of our customers to respect and adhere to (when appropriate) the dress codes of the Islamic faith. This entails covering of shoulders and knees whenever possible.

Security

There are currently no travel restrictions in place in the case of Morocco. However travellers should always be vigilant and aware when travelling.
